

designs that fit.™

Introducing our new Indoor / Outdoor Modular Lounge System

Our innovative system lets you design your own pieces and groupings in any configuration. Add backs and arms to the modular ottoman bases. Add end tables or tabletops in wood veneer or laminate. Create your configuration for indoor or outdoor use with endless possibilities.

This lounge collection really does fit anywhere and any style—beautifully.

BEAUTIFUL FURNITURE

GANGING DEVICE

NICKEL-PLATED LEG

PLASTIC LEG

Options:

The ottomans and table pieces come with adjustable glides. They are also available with optional 1½" tall nickel plated metal adjustable legs or 1½" plastic adjustable legs.

A ganging device is also available as an option for creating furniture groupings.

Options are available at an additional charge.

Cover the pieces in any fabric you want— They'll still be "Green" underneath!

Our eco-friendly indoor cushions use a hybrid foam made with BiOH polyols. Unlike traditional foam cushion ingredients, which are made from petroleum-based chemicals, BiOH polyols are made from a renewable resource — soybean oil.

Our superior performing hybrid foam uses a patented process that improves the foam's core structure, making it a more supportive, resilient and comfortable cushion while protecting our natural resources.

You'll love the way it looks.

Create a unique look with your own custom fabric or any of our standard fabrics. Tables can be specified in wood veneer in any of our standard finishes, or laminate.

You'll feel great about how it's made.

Our durable hardwood plywood construction is made entirely in the USA. Indoor upholstered pieces use environmentally-friendly soy-based foam.

This lounge system is so innovative and versatile, a design patent is pending.

The ottomans and table pieces come with adjustable glides. We also offer optional nickel-plated metal adjustable legs or plastic adjustable legs (details shown on back page). A ganging device is also available as an option for creating furniture groupings.

Children sizes are available upon request.

All upholstered items can be specified for outdoor use with modified construction. We use a marine-grade plywood and outdoor, all-weather foam with COM outdoor fabric (such as Sunbrella™). Available with adjustable glides only.

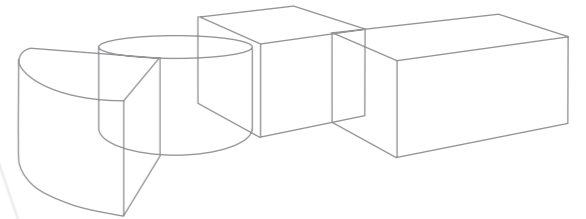

Options listed are available at an additional charge.

Ottoman Computer Table

Add a computer table, with an oscillating, 24" high pivot pole and a laminate tray, to any of our ottoman bases—a great functional idea for any waiting area, office or lounge.
